

ABOUT NARAD

I am pleased to present the annual report for the year of 2006-2007. From last 7 years NARAD has been trying to completion of their objectives and obtain better result. It has only happened by kind support of Government, Funding agency and well wishers. The “National Rural and Research Development Association” is a registered Voluntary organization working in the tribal region of Thane District of maharashtra State in the field of rural development for more than 7 years. It has promoted self- help groups among farmers, women and youth. It has provided necessary training, motivation and skills to them for critically analyzing their problems and coming out with suitable plan of action for their development. The training is entirely based on participatory learning methods.

Hence, according to the local problems and issues, the development activities in agriculture, environment, health, education, collective employment, applied research etc. were all undertaken. The organization is working in more than 50 villages in Jawhar block, 30 villages in mokhada block and 10 villages in Vikramgad block of Thane District of Maharashtra. It has established links with various NGOs, government and other agencies and is undertaking consulting, and training and support service.

NARAD's long term objective is to grow scope of work in the 150 villages of Jawhar, Wada, Vikramgad, Mokhada and Bhivandi block (in Thane district, Maharashtra)

We thanks to all Government agency, Private agency and well wisher who support to NARAD for implementation of various programme.
